- All data, settings and programs are backed up and properly documented. A restore can be easily performed in the event of any loss. In the event that this is not the case the client takes full responsibility for any loss whatsoever.
- The equipment is not functioning properly or is not functioning in the manner that the client desires.
- That the services performed will not be covered by an insurance claim. (Note: If this work or equipment is covered by an insurance claim additional information will be required.)

**The Client warrants that the status of the equipment before services rendered:**

- ☐ Hardware evaluation using diagnostic software
- ☐ Technical services from an Abadata Computer Corporation, Inc. technician.
- ☐ Repair and/or replace hardware as needed to make my equipment function.
- ☐ Provide proofs for all repaired and/or replaced components. Note: It is not uncommon for proofs to cost thousands of dollars per component. You will need to establish a credit relationship with Abadata in advance of services being performed.

<b>Special Instructions:</b>	<b>Equipment:</b>

	All in One		Other	

**I understand that I will pay a minimum of \$110.00 per hour for all services performed by Abadata Computer Corporation, Inc.**

**Initial  
Here**

I understand that all services performed by Abadata Computer Corporation, Inc., are subject to Abadata Computer Corporation, Inc. Terms and Conditions of Sale. I understand that I am responsible for all data, settings, licensing and programs contained on the equipment or environment being serviced (which is also outlined in the Terms and Conditions of Sale). I understand that I will be required to pay for any services rendered regardless of the outcome of those services (which is also outlined in the Terms and Conditions of Sale). I acknowledge that Abadata Computer Corporation, Inc. frequently is required to work with products from different manufacturers, including software and hardware products and technologies that incorporate both hardware and software, and that frequently software and hardware technologies may produce undesirable results in an environment that appears to be working perfectly normal when they are integrated. I acknowledge that sometimes hardware and software products have undesirable features that even the manufacturer is not aware of. Further, I acknowledge that no warranty or guarantee has been expressed or implied and that the Terms and Conditions of Sale prevail. I agree to pay for all services and products purchased in the agreed upon time. Finally, I establish and convey a mechanics lien to Abadata Computer Corporation, Inc. incorporating all equipment serviced or affected by such services or equipment rendered until all obligations to Abadata have been fulfilled.
